Present Your Brand with Accurate Color

Produce beautiful, vibrant tones and print your branded materials in-house. This all-new model packs advanced productivity capabilities to help you work faster and smarter.

Professional Color Matching - Lexmark Named Color Replacement and PANTONE® calibration make it easy to develop a consistent brand image by accurately matching your colors.

High Resolution Graphics - With up to true 1200x1200 dpi resolution, images and graphics stay crisp. Lexmark's Unison™ Toner ensures consistent quality, too.

Super Fast and Quiet Output - Power through projects with print speeds up to 32 pages per minute in black and color—plus produce a 1-page color document in as little as 10 seconds.

Print Complex Documents Even Faster - Even complex color documents print fast, thanks to its new, high-speed dual-core processor, 512 MB of upgradable memory and Gigabit Ethernet.

More Performance. Less Hassle.

In a tough, deadline-driven environment, this system really performs. With a bright color touch screen, convenient USB port, large paper input capacity and more, our solution makes printing a pleasure.

Reliable Performance - Easily print up to 7,000 pages per month, plus enjoy fewer maintenance hassles, thanks to our state-of-the-art paper handling.

Bright Touch Screen - Our easy-to-use 4.3-inch color touch screen allows you to preview and make post job changes fast.

Run Larger Jobs without Interruption - With an input capacity of up to 1,450 sheets and extra high yield toner cartridge options, you won't have to add paper or change cartridges as often.

Innovative Toner That Optimizes Performance - Get greater system performance with Lexmark's Unison™ Toner, which delivers consistent image quality from first print to last.

Network Intelligent. Management Wise.

Quickly respond to changing business needs with our eco-friendly printers that help streamline your workflow using productivity solutions.

Print Anytime and Anywhere® - With this system, you can print from desktops as well as mobile devices that can run applications.

Better Manage Print Jobs - Take advantage of smart functions like job waiting, custom messaging and programmable alerts.

Enjoy Enterprise-level Security - Now you can authenticate, authorize and audit employee usage. Plus, protect sensitive data using standard network security protocols.

Save Resources and the Planet - An instant warm-up fuser and built-in 2-sided printing plus Quiet, Hibernate and Eco modes minimize noise and save paper and energy.

¹ Average continuous black or continuous composite CMY declared cartridge yield up to this number of standard pages in accordance with ISO/IEC 19798. ² "Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. ³ "Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. ⁴ Print and copy speeds measured in accordance with ISO/IEC 24734, excludes first set of test documents. For more information see: www.lexmark.com/ISOspeeds. ⁵ Product functions only with replacement cartridges designed for use in a specific geographical region. See www.lexmark.com/regions for more details. ⁶ For more information on Lexmark Mobile Solutions see: http://www1.lexmark.com/en_US/solutions/business-solutions/mobile-print/index.shtml ⁷ Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for details.
